Our People Systems

Learning Systems

School:

- aNewSpring (Maritiem op Koers)
- Magister; student administration and planning programme

The impact we aim for

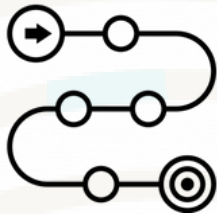

Creating an easy-access learning system for inland navigation crew

Development needs we face

A huge gap between modernisation and training in inland navigation

Lack of life-long learning

Our MyCaDO role

Analyzing demands and needs of the industry/our company

Design and 'program' the learner's needs into MyCaDO platform(s)

From funded to sustainable 'product': Deliver a flexible and individual learning journey

Empower students and lecturers to create, learn and share

Involve associated partners in MyCaDO development

L&D consulting and benchmarking
